

OIL FILTER INSTALLATION GUIDE

CORNER FILTER CODE : C-HYO12

OEM. NUMBER : 26350-2M000

USE FOR
KIA K5 2021-2022
KIA RIO 2020-2021
KIA SORENTO 2021

1. Kindly ensure that the provided package contains a full complement of parts necessary for oil filter servicing

Oil filter#26350-2M000
Brand : CORNER

Car Plug with
small O-ring

Cotter Pin

Oil Pan Plug Washer

O-Ring Seal

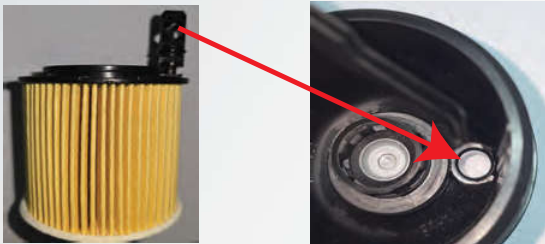

2. Replace "O-ring seal" on housing cap ensuring placement in correct groove and lightly lubricate the O-ring with clean oil.

3. Insert oil filter "cap plug" into filter's plastic track with pintle parallel to the track and lock into track by twisting plug 90 degrees.

4. Install "cotter pin" into side of drain hole and through oil "filter plug"

4.1 You will see a full circle because the filter seat is in the correct position

5. Push the "cotter pin" to the relief tube of the housing cap

6. Thread housing cap with filter into housing and tighten to (35Nm) using 24mm socket
